Subject: Licenses and Certifications

Issue: MedStar as a company, as well as MedStar's field and communications staff, are required to hold certain licenses and certifications. If an individual is found to be working without the proper licenses, we must refund Medicare for any amounts paid for services provided by that individual. Therefore, we should be certain that the process for verifying the existence of all licenses is adequate.

Process: Prior to interview, all field candidates are screened for proper licenses and are not interviewed without them. As each individual is hired, Human Resources obtains appropriate copies, and Clinical department enters into the Scheduling Software (eCore) the licenses and their expiration dates. From then forward, the system reminds the employee and management of the expiration dates and blocks clocking in without a renewal.

Compliance Staff reviewed licenses and certifications as follows: 15 field staff were selected for review. We compared the information contained within eCore to the Texas Department of Health website, and to the employee file.

Issues/Corrections needed:

- We found two instances in which staff possessed the proper licenses, but they were not entered properly into the eCore system.
 - o Clinical staff is conducting an audit of its files to insure accuracy of eCore.
- eCore is not being used to its potential in that credentials are not entered as "required." Thus, the system notifies management if an existing cert expires, but does not sound the alarm if a required cert is missing completely.
 - o Clinical staff will revise the setup of eCore to include required certifications which will help to ensure staff are not hired without them.
- We were informed anecdotally that several field staff have been hired without the proper certifications in hand. Clinical and Human Resources departments have agreed to a policy and process for ensuring individuals are not hired without proper certifications.

Conclusion: With these changes, we are confident that staff will continue to be monitored for proper certifications.

Joan Jordan, Compliance Manager

For the month of January, 2013, revenues were \$3,326,751 compared to budget of \$3,031,529 and a positive variance of \$295,222. Due primarily to the heavy outbreak of flu in Ft. Worth, we billed 8,141 transports against a budget of 7,476 transports. Expenses (net of interest and depreciation) were \$2,650,366 compared to budget of \$2,514,974 for a negative variance of \$135,392. - 5 Since I was vomiting the whole time, they did the best they could by getting me to the ER as fast as they could. They did give me medication which helped. The first responders were very helpful in closing up the house.
- 6 I did not know the answer to question 1 or 2.
- 7 They did a wonderful job. Answered every question we had and explained everything. Thank you. Thank you for taking good care of me. I was way out of it.
- 8 We were amazed at how fast the fire dept. and the EMS dispatchers arrived, minutes from each other. They immediately tended to my husband who had collapsed on
- the dining room floor. They were very efficient and very friendly to us. They got him there in time and he was seen immediately by the Emergency room staff at the hospital. We thank you for your help.
- 10 I was transferred from one hospital to another hospital. The ride was very bouncy.
- The EMT's that came to my aid & transported me to hospital were so pleasant, professional and caring. Please tell them Thank you from me. I don't know who they were but they were great. 10/17/12 date of accident.
- 12 Services used were for transport from Harris Methodist Fort Worth to UTSW after stabilized. EMT team work well together, very professional & caring.
- 13 We certainly appreciate the staff's concern and help. Thanks MedStar.
- 14 My husband became ill at a ball game. Everyone was great. Thank you.
- 15 My care could have been excellent if the suspension on the ambulance was better. It was a bone jarring ride.
- 16 My daughter is the one who called 911 and she said the dispatcher was awesome, very courteous and professional.
- 17 The response was very prompt. Thank you.
- 18 I received outstanding service during this emergency.
- 19 I don't remember much, because I was out of it but I know my family said you were great. I would not be here today had they not responded so quickly. P.S. Ambulance had a bad leak and water coming in from the rain.
- 20 MedStar was very professional & efficient.
- 21 Each individual that responded was professional. They treated my husband very skillfully and were comforting and pleasant. Thank you.
- 22 Excellent service and professionalism from MedStar!
- 23 Fire Dept. arrived with MedStar staff. As such, they were redundant for this particular call.
- Thanks for the support & professional service that MedStar provided. My mom was pretty bad shape prior to their arrival but I was reassured of her care during the MedStar process and aftercare.
- The 1st responders were wonderful. They helped my husband stay calm and managed his pain very well. They also were at the house within 5 minutes of my call. The dispatcher was also good, she listened and asked appropriate questions with excellent follow up instructions. Thank you for the excellent care.
- 26 Everyone was very helpful during that stressful time. Thanks.
- 27 All good!
- 28 Very good service. Thank you.
- 29 so appreciated the woman attendant in the ambulance. She was very caring & explained everything well. Please thank her for me.
- 30 Timely & professional service provided.
- 31 I was well taken care of! Thank you.
- I was at my Doctor's office and was sitting in the lobby. I started having chest pain so I took a nitro, then minutes later took another. The pain was getting worse so I tapped on the office glass door. I told her I had taken two nitro & I was hurting really bad. They called MedStar immediately. They arrived right away. They rushed me to Baylor Allsaints where I had worked as a PCT for 17 years. I went from ER to the cardiac unit. I really appreciate the EMT's concern & care. They were professional but friendly and nice. I was I was never so glad to see them arrive at my doctor's office. This was the second doctor that you were called to take me to ER. Thank you so much.

- 33 I felt more comfortable with the care my husband received thru MedStar. The crew were very helpful.
- 34 Services were very good everyone was so helpful, kind & stable and very alert with patient, very very good.

35 Thank you. 36 The staff was friendly & kind to talk to. Care for patient was very good 37 This service sucked the guys talked about it being their last call before they got off. So they were going to take their time. They did nothing for me but charged me \$1001.00 and I had asked to have another service pick me up which they wouldn't let me do that either. This is a joke! 38 MedStar crew was exceptional. 39 I pray none of your fellows ever get what I had a 11 m Kidney stone plus infection. Thank you so very much and may your days be good ones. Thank you again. 40 The two MedStar crew was excellent in caring for me. If the other MedStar crew is anything like these two (guys) everyone will get excellent care. Thank you from bottom of my heart. Thanks. 41 I could have not asked for better care. Very professional. 42 I have not received a bill or talked to anyone. 43 Fire Dept. and EMS was very helpful. It's always slow when you get to the emergency room. Doesn't matter if there are a few people or many. 44 Don't remember being transported to hospital only remember waking up in hospital. 45 The female in the ambulance was superb and caring. 46 MedStar crew are so wonderful with patients. They can calm you when you're are in a panic mode. 47 I was very pleased with the service and attention that was given to me. 48 Very calm, informative and kind. Thank you for coming so quick. 49 They were a great team in transporting my husband to the Fort Worth Hospital and very pleasant. I wish to thank them for there help. Working on a rescue unit for over 25 yrs. as a volunteer I was happy to have them come and do their job. 50 Everyone was caring and responsive. Thanks. 51 The lady from the business office was very disrespectful and prejudice. She seemed as if she did not know her job duties and when we asked guestions her answers were short and uneducated. The nurses were very nice & helpful. The driver was terrible. She hit every hole in the street & got smart when I asked her about the ride to the hospital. She was very, very rude & nasty. I don't understand these people. They shouldn't be working with people that are ill. I was very disappointed. I am not use to this type of treatment in California! 52 They were professional & very caring & calm or that would have made me nervous. 53 Excellent! 54 They were great. 55 I did not experience a billing staff. 56 I more than appreciate the EMT. They both truly cared for me and made me feel at ease. 57 Overall - A+. Emt's very professional and at the same time caring. Helped make a stressful situation for this family much easier. Thank you. 58 A Okay 59 My name is (pt's correct name) not D. BCBS denied put to MedStar. Please resubmit with corrected name. They said I used an ambulance service that was not a provider & I know that is incorrect. 60 As always, very tender and caring. 61 They were excellent and the nurse was super good at starting my IV stand traveling on the freeway. It was on Monday and the IV stayed until Friday with no problem. 62 Thank you. 63 The service was excellent and professional. They took really good care of our mother. 64 I was made comfortable by the driver with his humor and concern for my injury. 65 Excellent. 66 These emergency people helped us so much. Words can not say enough for these people. 67 One of the Fire Dept. personnel said that there was nothing but a pulled muscle wrong with me when I had fractured ribs & he was rude, but the MedStar personnel was

36

Great Service. Very Professional. Thank you.
 A lot of waste in blankets. The hospital said that either I take it with me or they throw it away! This seems to be very wasteful.

very helpful.

68 All I want to say is thank you for your great service.

71 Thank you. 72 The responders were very nice, helpful & caring. Made the situation more bearable. 73 EMT insisted I had to be transported to Harris Downtown instead of Harris SW as I requested. At Harris downtown I was basically left in the hallway and ignored for six hours before I was admitted. I do not believe that would have happened at Harris Southwest. How do I make sure they take me where I want to go next time if there is a next time? 74 The paramedic in the ambulance was wonderful! Made me feel secure & had a great sense of humor. Muah! 75 Thank you for your excellent response & service. May god bless you all for your kindness. 76 Very efficient knowledgeable, courteous. 77 MedStar has always been very professional and helpful. 78 You have great people who took excellent care of me! Thank you!! 79 Very kind & calm. 80 The response time was unbelievable. The care by the fire department personnel & MedStar was exemplary. 81 Very helpful in their instructions to my spouse as they helped him calm down. 82 On Oct. 28, 2012 I had a heart failure. If it wasn't for the quick response and excellent treatment by the paramedic I wouldn't be writing this letter. Thanks to MedStar I have the opportunity for a full recovery. 83 I use be out in the cold they responded as soon as possible. I would recommend their services to any senior citizen or 18 yrs. or older. 84 I have not yet received a billing statement. I assume the Medicare and Tricare for life has been contacted for payment. My care in transporting me to Harris Hospital left nothing to be desired, care & courtesy were given with great attention. 85 It was great to have such a caring team when I was in crisis. Thank you. 86 My mother who has dementia doesn't remember much of when she had her seizure but she tells everyone one thing. "There was a nice man that held my hand because I was scared." 87 Very helpful. I have told everyone that will listen how wonderful your people were. Thanks for your wonderful service. 88 I am dearly grateful to all who were involved in my emergency care. I wish I could personally thank each one for without their response I may not be here today. Thanks again. 89 Very pleased with your service. 90 We have used MedStar since my husband had a stroke 8 years ago. He is in a wheel chair and lost his voice. We don't have cars so I ride with them since I'm his voice. He can't talk so I'm very grateful for your great service. God Bless. 91 They were very gentle with her broken hip. They used a tool to take her our of the house and were careful. They did give her a shot for pain. 92 Sorry, I didn't remember much from this last transport except the staff was kind. 93 It was cold, keeping me covered would have been nice. 94 Good Job! Well Done!! 95 They were great & made me feel better in a short period of time. 96 The crews were here almost before I could get off the phone with 911. They were excellent, kind, patient & very helpful. Thank you so much for the excellent service we received. 97 Great EMT in ambulance calmed me down, even made me laugh with his Santa hat. 98 I was going to follow and meet the ambulance at the Forest Park Hospital from Huguley Hospital. Neither Huguley Hospital nor the MedStar personnel would tell me the address of the Forest Park Hospital they were taking my wife to. Also Blue Cross Blue Shield has contacted you at least twice to get my bill information and I have given the information to MedStar also, but yet we are getting bills in the mail and getting collection phone calls. 99 She just had to wait too long to be transferred back to Nursing Home. 100 Thank you so very much for so many people that wanted to help. Everyone took very good care of my husband who broke his leg. They explained everything to me. Thank You. 101 Dad had Alzheimer's and medic was not reassuring that pt would not be left alone!! I explained twice that he wanders and would leave. Medic dismissed me twice!! Not comforting!!! 102 From time of 911 call, arrival time was just under 30 minutes. I was placed in the ambulance very professional. I was adequately advised to the arrival of elevated pain when I was placed

37

on the gurney. The ride was smooth as could be expected. Your crew was very focused on my comfort.

104 Everyone was very caring & nice. I have been in the care of MedStar many times and they take very good care of you.

103 I was transported from Health South to the ER at Plaza. All went well with transport. Please send a note of thanks to your staff for my transport care.

	2013
105	The two young boys on the ambulance was great. Even wanted to know how to make gravy. They were great boys. Wish all could be like them. Thank them.
	A thank you seems totally inadequate. The responders were like guardian angel. Though I would never wish this experience on anyone, I would hope their responders
	would be just like MedStar's responders. Thank you so much.
107	Thank you for your professionalism.
	How many of these do you want? This is the 2nd one that I completed. Your paying for the paper and postage. Maybe if you didn't send out so many your customers
	bills would be cheaper.
109	Unfortunately, patient has dementia and could not answer the questions. No family member was with her at transport.
	I did this by phone I was very complimentary.
	We have had to use MedStar service several times in emergencies. On the phone-professional. Entering our home - courteous and professional. Procedure continuous to
	and within the hospital. Thank you and keep up the good work.
112	Love you!!
	Neighbor called 911 to help assist patient, who had fallen. MedStar arrived promptly and transported patient to ER.
	We were very pleased and satisfied with all services we received. It was very reassuring to know Don was transported safety to & from hospitals.
	Staff was helpful and professional. I rode with my husband in the ambulance; they were very kind to me.
	Everyone was very professional and very helpful.
117	They were very professional and safe.
118	Service couldn't be better. Thank you.
119	I have not renewed my membership bill, as of today but so far all was good.
120	It was amazing how fast they got there, and very appreciated by our family.
121	Care was prompt & we were impressed. Everyone was professional and informative.
122	Very thankful they could take me to H.E.B. hospital where my PCP doctor attends.
123	Just wonder why it took another ten minutes inside the ambulance before the staff started driving. Overall the service was courteous, helpful and excellent.
124	I want to thank you for your excellent service when I need it. You're very good people. I appreciate everything you have helped me with.
125	Everyone connected with my sister's recent service was professional, personable, and very kind and gentle. The crew were ingenious in their method of transferring her from the bed to their
	stretcher in very close quarters. The woman medic thought of using a captain's chair to pack saddle her. We thank the crew for their good work; my sister died today and is at last free from
	the cancer she long endured.
126	I am filling this survey out for my father he really doesn't remember. However, the EMT"s and fire men were all professional and caring to my dad. They all showed great compassion
	and patience with him and me. I am greatly appreciative of them.
	Crew was very professional and highly skilled. Made me feel very cared for. I took care to tell them so and thank them for their excellent care!
	Excellent!
	I really can't say as my son was in a motorcycle accident on Oct 17, 2012 and was taken to JPS.
	All personnel was very helpful and professional.
	I thank God that the help is there when we need them. Thank You MedStar!
	Very helpful.
	Updated address was sent in, front desk updated on 01-11-13.
	We could not have asked for better care. The men were very kind and professional. Thanks for all you done for us.
	They got here real fast.
	Outstanding.
137	It was 3:30 Christmas morning and every one was great. Moms blood sugar count dropped to .27. Despite her confusion and inability to cooperate, the team was able to help her.

This happened at 12:30 (lunch time) on Christmas day. The men were very fast and very helpful in getting my 92 year old husband to Harris Hospital. Our heartfelt thanks

38

to you and your staff for getting help for us so quickly.

140 They were very respectful of my mother in law.

138 MedStar is Great!

- 141 We had help from MedStar for transporting my dad from Rehab to hospital. 142 I was not awake at the time. 143 MedStar is completely professional, patient and listened to all of my comments, concerned with my care and well being. Comments and opinion of the ER doctor were not this favorable. 144 Everything was handled wonderfully. Thank you. 145 First EMT had issues with IV, could tell he was in training as I worked in the Med field for 25 yrs. so I understood. The second EMT started the IV and gave tips to the trainee. They did a great job, even though I was under some direst. Response was quick after the call. Very grateful for their help, professionalism and medical knowledge. 146 A facility called MedStar to transfer me to Huguley. The crew was great, haven't talked to billing staff, but I have BCBS and they are billing my insurance. 147 We have Medicare A and B, and BCBS federal, and we have received no less than 6 and maybe more bills on other inquiries. Information is not properly used, thus causing confusion and improper bills being sent out costing your company overhead money. It causes confusion to the customer also. Thank you. 148 We have three insurances, Medicare, Aetna and Tricare for life. 149 Very Professional! 150 I have never needed an ambulance before and they were great in taking care of me. 151 Very friendly and professional staff. I was very happy with the EMS team that came for me. They were helpful and tried to make me comfortable while I was hurting. 152 MedStar crews has always been excellent in every way. We appreciate you. 153 Wonderful! Cant be beat. 154 Wonderful response and care. 155 We were very pleased with the speed, professionalism, courtesy, and just flat out wonderful help from every member that attended us. The dispatcher was calming, the FD very fast and the medic thorough, informative and kind. Our deepest thanks to all. 156 FD didn't show up. I just asked for help getting my husband up, because I wasn't strong enough. The dispatcher was very nice. The crew was every professional and nice. They told me they thought he needed to go to the hospital, which I agreed with. Haven't talked to anyone in billing yet. 157 When I need an ambulance, MedStar has been there for me and I thank everyone one of them. I am thankful for their services. 158 One of the medic was great, the other one said I should have waited and made an appointment. I was in extreme pain with no pain pills and I needed immediate attention. 159 MedStar was called by personnel at City view care center. I didn't talk to a EMS dispatcher. 160 For years my husband & I had MedStar coverage but he died & I lived away from here, Arkansas. I tried there but they did not have MedStar. I just gave up. I cannot speak highly enough about the Fire Dept. during the last year of my husbands life, they were at my side in a moments notice to help me lift or anything else that might happen in a twinkling of an eye. I can remember that we used an ambulance that much, I was a nurse and I managed everything at home. 161 At my (can't read) to River Oaks City Hall - The police gave my wife CPR. The Fire Dept. gave my wife the fibulator by her heart. The ambulance transported my wife to the hospital like she was dead - even stopping at red lights on Jacksboro Hwy, at the hospital I was told that they tried to save my wife for a half hour in the Emergency before she died. Personally I don't believe the hospital, but be aware they could (can't read) because they are charging you for services they didn't preform. In my opinion. 162 What a wonderful group - 2 MedStar very professional at what they do. We could not ask for any better care. This was our first time to need this service and I must say they were wonderful. 163 I was unconscious the whole time so have no memory of circumstances, however I am fine now so imagine all went well. 164 I requested to go to Harris Southwest Hospital & the paramedic refused they said I didn't get to chose what hospital I go to & were rude. Also my 14 year old granddaughter who had a head and neck injury as a result of the same accident did not get a neck brace put on her & was sat on the ambulance & she was the one that got all the car impact. 165 EMS paramedics were professional and very caring and thorough.
- 166 They were here with minutes of them calling them. Thank you.
- 167 Truly professional & caring.
- 168 They arrived very fast and immediately began to help me, very professional. Thanks so much.
- 169 This was a cardiac arrest. Unfortunately the patient died after 3 days in the ICU @ Harris Hospital. Thanks for the extra time.
- 170 They passed away.
- The Med Star crew was so very nice and patient with my husband. He did not want to go with them, but we convinced him he had too. When I got to the hospital my husband told me that he could have rode around with the Med Star guys all day! Thank you.

172 Thank you for all your help. Do take care and may God Bless and protect you all. 173 Thanks for rescuing me at 4am Sunday & Monday 7 am. I was in surgery for embolism axil bypass. Home doing great. Thanks for you help. Good Job. 174 We have used MedStar many time in the past few years and have always been satisfied with the professional way they handled their jobs. Thank you. 175 Very good Service. 176 Husband & wife had severe food poisoning & were too weak to take care of each other. "On line" nurse suggested emergency room care, which we explained to 911 staff member. 177 I don't know. I was having seizures at MHMR detox and was transferred to JPS hospital. It is all a blur. More info would be helpful. I have Medicare Part A, B & D. Thanks. 178 Unbelievably expensive. 179 The paramedics were very helpful young men. Thanks to them my husband got help right away. 180 Great response. 181 The bill is too high. Did Medicare or UHC pay anything? 182 Thank you again. On 8/8/12 my husband had a heart attack, your fast response also the Fire Dept., along with the dispatcher who guided me on what to do until everyone arrived. Thank you for my from my heart he survived this, I will be forever grateful. This survey is from another time that I had to call for him. 183 My husband was taken from Huguley to UT. I didn't ride with him, but at Huguley the dispatchers were helpful and professional. My husband passed away Oct 9 at UT. 184 Your MedStar crew transported my father to the hospital. He was in last stage of prostate cancer and in extreme pain. They were kind and gentle. They were gentle and careful when they started the IV and took him directly to the hospital. His advanced cancer did result in his death on 1/12/13. Your professional and gentle care is deeply appreciated by his family. 185 I'm grateful for the quick response and caring manners they demonstrated in getting me to the ER. 186 The dispatcher was extremely courteous and considerate. She kept me informed while on the phone as to the ambulance's progress to my mother's location. The EMT's were professional, kind and kept us informed as they assessed my mother's condition. 187 They were at my house within minutes after I called. They were very helpful and professional. They explained everything and transported me to the hospital. I was having a heart attack & had a hard time getting my breath. I couldn't ask for better help. Thanks to all of them. 188 All were very caring & very nice. Thank you for everyone's excellent help. Gold bless you all. 189 Wonderful Service. 190 I have been trying to get patient to hospital for a while. Paramedics did a great job. He will now get care needed. 191 The responders were very professional kind and compassionate and made the trip more enjoyable and comfortable. I felt very blessed to have received such great care. Thank you. 192 On behalf of my mother, the service was great. My mother was only being transported from JPS hospital. So therefore we didn't speak to billing, EMS dispatcher and the fire dept. was not needed but the patient's family give you guy's a 5 star! Thank you. 193 I was taken to Harris Downtown in good order by a fine EMT crew. 194 Very professional, very helpful. 195 Your staff on Mobile ride was professional and made me fell at ease very very great people. 196 Group was professional and friendly. They made me confortable and safe. Exceptionally good guys. 197 I cannot afford to pay for services. I can pay half only \$100 Feb. \$100 March. 198 Fast & Quick service was greatly appreciated. I was serviced by a wonderful team. 199 I hope to "never" have to use you again. However, that raving being said. If I ever have anything like this again. I hope it is within your service area. You were excellent. 200 The paramedic was very good to me and the fire dept. was very good to me too. 201 As always the best.

205 I had they very best of care. Thank you all very much.206 Response time great.

207 They did a great Job.

204 Fire Dept. was not necessary. Billing was never discussed. Patient is deceased.

202 Very fast response & very professional. Thank you.

203 Member of Star Saver #*******. Renewal next 05/07/13. Excellent service from 911 call. Wife lived through the ordeal.

208	Thank you, god bless.
209	This was my first time using MedStar having been in Texas 3 years.
210	Service was fast, polite, efficient and very appreciated.
211	Nothing negative to tell you, thank you.
212	Could not have ask for better, courteous concerned and very helpful.
213	Patient called and gave receptionist the survey: Ambulance came in seconds, billing staff okay, and thank you to the medics that came out.
214	They were very nice.
215	Sorry I can't write good English.
216	All was great.
217	MedStar provides very good Service.
218	On the night of 1/8/13 our mother collapsed in our house. I called 911 & was shown the greatest compassion by the dispatcher. She showed a very caring side that was
	greatly appreciated. Although our mother was pronounced dead several minutes later, the paramedics were very professional as well as caring. We would like to thank
	them for that. The Fire Dept. were equally as caring. We are grateful for their compassion as well.
219	I would just like to say that Thank God for people like you all that help those in need especially the older generation.
220	Team worked together especially being carful not to hurt me. They succeeded. They talked to me and told me what to expect from them and the hospital.
221	Patient has dementia and no family members were present when she was transported.
